 > What site is this data for? BB Cape FL  
 >  
 > What date was this observation made? 9-01  
 >  
 > What habitat was the observation made in? next to Construction Rd near  
 > main Rd edge of planted area  
 >  
 > If applicable, enter directions to station as closely as possible:  
 >  
 > Latitude:  
 >  
 > Longitude:  
 >  
 > Enter the species observed (Scientific names are preferred):  
 >  
 > *Cuscuta pentagona*  
 >  
 >

- > Notes: host plant *Bidens alba*
- > *C. pentagona* in flower
- > 2 found in one location
- >
- > If submitting data for a single species:
- > How many plants were present? 2-10
- >
- > What is the trend of the population?
- >
- > If the plant is exotic, is it invading a natural area?
- >
