

Cultivated Plants at Virginia Key

Scientific Name	Common name	Observed by Juan Fernandez (1996-2015)
<i>Acrostichum danaeifolium</i>	Giant leather fern	listed by George N. Avery & Ralph Beaudry 1983
<i>Alternanthera flavescens</i>	Yellow joyweed	listed by George N. Avery & Ralph Beaudry 1983
<i>Amyris elemifera</i>	Common torchwood, Sea torchwood	listed by George N. Avery & Ralph Beaudry 1983. There are 2 existing population and 3 isolate specimens in the area.
<i>Andropogon glomeratus</i> var. <i>pumilus</i>	Common bushy bluestem	Start to grow abundantly since 1997 after we opened the areas in the process of restoration.
<i>Avicennia germinans</i>	Black mangrove	listed by George N. Avery & Ralph Beaudry 1983
<i>Borrchia frutescens</i>	Silver sea-oxeye-daisy, Bushy seaside oxeye	listed by George N. Avery & Ralph Beaudry 1983
<i>Caesalpinia bonduc</i>	Gray nicker-bean	listed by George N. Avery & Ralph Beaudry 1983
<i>Casasia clusiifolia</i>	Sevenyear-apple	listed by George N. Avery & Ralph Beaudry 1983 Only one original population observed in the area since 1996.
<i>Casuarina equisetifolia</i>	Australian-pine, Horsetail casuarina	listed by George N. Avery & Ralph Beaudry 1983 as <i>Casuarina litoria</i>
<i>Catharanthus roseus</i>	Madagascar-periwinkle	listed by George N. Avery & Ralph Beaudry 1983
<i>Chamaesyce mesembrianthemifolia</i>	Seaside spurge, Coastal beach sandmat	listed by George N. Avery & Ralph Beaudry 1983
<i>Chiococca alba</i>	snowberry, Milkberry	listed by George N. Avery & Ralph Beaudry 1983. I have been reintroducing every year this specie as part of the reforestation project using seeds produced in the same area. In 1998 we did the reforestation with plants acquired in an offsite nursery.

Cultivated Plants at Virginia Key

Coccothrinax argentata	Florida silver palm	NOT listed by George N. Avery & Ralph Beaudry 1983, We found a population of this specie in 1997 as part of the restoration project(A population with 5 Or 6 specimens in an area of 200 sq ft. We continued planting the specimens as part of the reforestation using seeds of the original population, also in 2006 CFABSF donated 10 adults specimens acquired from an offsite plant nursery.
Coccoloba uvifera	Seagrape	(listed by George N. Avery & Ralph Beaudry 1983
Conocarpus erectus	Buttonwood	listed by George N. Avery & Ralph Beaudry 1983
Crotalaria pumila	Low rattlebox	listed by George N. Avery & Ralph Beaudry 1983
Croton punctatus	Beach-tea, Gulf croton	listed by George N. Avery & Ralph Beaudry 1983
Cynodon dactylon	Bermuda grass	No listed by George N. Avery & Ralph Beaudry 1983
Cyperus ligularis	Swamp flatsedge	listed by George N. Avery & Ralph Beaudry 1983
Dalbergia ecastaphyllum	Coinvine	listed by George N. Avery & Ralph Beaudry 1983
Echites umbellatus	Devil's-potato	NOT listed by George N. Avery & Ralph Beaudry 1983, and I am observing this population since 1996 in the area.
Eugenia axillaris	White stopper	NOT listed by George N. Avery & Ralph Beaudry 1983, and I am observing this population since 1996 in the area.
Eugenia foetida	Spanish stopper, Boxleaf stopper	listed by George N. Avery & Ralph Beaudry 1983
Eustachys petraea	Common fingergrass, Pinewoods fingergrass	listed by George N. Avery & Ralph Beaudry 1983
Ficus aurea	Strangler fig, Golden fig	listed by George N. Avery & Ralph Beaudry 1983
Forestiera segregata	Florida privet, Florida swampprivet	listed by George N. Avery & Ralph Beaudry 1983

Cultivated Plants at Virginia Key

<i>Galium hispidulum</i>	Coastal bedstraw	listed by George N. Avery & Ralph Beaudry 1983
<i>Guapira discolor</i>	Bolly, Beeftree	listed by George N. Avery & Ralph Beaudry 1983
<i>Heliotropium angiospermum</i>	Scorpionstail	listed by George N. Avery & Ralph Beaudry 1983
<i>Helianthus debilis</i>	East Coast dune sunflower	listed by George N. Avery & Ralph Beaudry 1983
<i>Ipomoea indica</i>	Ocean-blue morningglory	listed by George N. Avery & Ralph Beaudry 1983
<i>Ipomoea pes-caprae</i> subsp. <i>brasiliensis</i>	Railroadvine, Bayhops	listed by George N. Avery & Ralph Beaudry 1983
<i>Iva imbricata</i>	Beach-elder, Seacoast marshelder	listed by George N. Avery & Ralph Beaudry 1983
<i>Laguncularia racemosa</i>	White mangrove	listed by George N. Avery & Ralph Beaudry 1983
<i>Lantana depressa</i> var. <i>floridana</i>	East coast lantana, Florida shrubverbena	NoT listed by George N. Avery & Ralph Beaudry 1983. Two@ population observed in the area since 1998.
<i>Lantana involucrata</i>	Wild-sage, Buttonsage	listed by George N. Avery & Ralph Beaudry 1983
<i>Myrsine cubana</i>	Myrsine, Colicwood	No listed by George N. Avery & Ralph Beaudry 1983
<i>Parthenocissus quinquefolia</i>	Virginia-creeper, Woodbine	listed by George N. Avery & Ralph Beaudry 1983
<i>Paspalum vaginatum</i>	Seashore paspalum	listed by George N. Avery & Ralph Beaudry 1983
<i>Passiflora foetida</i>	Foetid passionflower	listed by George N. Avery & Ralph Beaudry 1983
<i>Passiflora suberosa</i>	Corkystem passionflower	listed by George N. Avery & Ralph Beaudry 1983
<i>Pithecellobium keyense</i>	Florida Keys blackbead	NO listed by George N. Avery & Ralph Beaudry 1983, just refer to <i>P. guadalupense</i> .
<i>Pluchea carolinensis</i>	Cure-for-all	No listed by George N. Avery & Ralph Beaudry 1983, but observed in the area since 1996.
<i>Poinsettia cyathophora</i>	Paintedleaf, Fire-on-the-mountain	No listed by George N. Avery & Ralph Beaudry 1983, but observed in the area since 1996.
<i>Psilotum nudum</i>	Whisk-fern	No listed by George N. Avery & Ralph Beaudry 1983, but observed in the area since 1996.
<i>Psychotria nervosa</i>	Shiny-leaved wild coffee	listed by George N. Avery & Ralph Beaudry 1983

Cultivated Plants at Virginia Key

Randia aculeata	White indigoberry	listed by George N. Avery & Ralph Beaudry 1983
Reynosia septentrionalis	Darlingplum	listed by George N. Avery & Ralph Beaudry 1983
Rhizophora mangle	Red mangrove	listed by George N. Avery & Ralph Beaudry 1983
Rivina humilis	Rougeplant	listed by George N. Avery & Ralph Beaudry 1983
Scaevola plumieri	Inkberry, Beachberry, Gullfeed	listed by George N. Avery & Ralph Beaudry 1983. Only one population was observed in 1996. We did the reintroduction with seeds collected in the same areas. In 2013-2014 The Army Corp of Engineers 1135 project increase the populations of this specie with plants acquire in Sale nursery.
Sesuvium portulacastrum	Perennial sea-purslane, Shoreline seapurslane	listed by George N. Avery & Ralph Beaudry 1983
Sideroxylon celastrinum	Saffronplum	listed by George N. Avery & Ralph Beaudry 1983
Sideroxylon foetidissimum	Wild mastic, False mastic	listed by George N. Avery & Ralph Beaudry 1983
Solanum bahamense	Bahama nightshade	listed by George N. Avery & Ralph Beaudry 1983
Spartina patens	Marshhay cordgrass, Saltmeadow cordgrass	listed by George N. Avery & Ralph Beaudry 1983
Stenotaphrum secundatum	St. Augustine grass	listed by George N. Avery & Ralph Beaudry 1983
Trema micranthum	Florida trema, Nettletree	listed by George N. Avery & Ralph Beaudry 1983
Uniola paniculata	Sea-oats	listed by George N. Avery & Ralph Beaudry 1983
Yucca aloifolia	Spanish-bayonet, Aloe yucca	listed by George N. Avery & Ralph Beaudry 1983
Zanthoxylum fagara	Wild-lime, Lime prickly-ash	listed by George N. Avery & Ralph Beaudry 1983. Only one population was found in 1997 in area of 200 sq.ft.
